STRATEGIC STATEMENT

OUR VISION

Your trusted partner recognized for putting the service into safety toward safer communities.

OUR PURPOSE

To provide quality safety solutions through passionate and highly skilled professionals and community engagement.

VALUES

Client Focused

We are committed to meeting the needs and expectations of our clients.

Invested in Community

As a charitable organization, we invest in community programs supporting a safer & healthier Nova Scotia.

Solution Based

We take the initiative to understand and design services that meet our clients' needs.

Innovative

We are proactive in uncovering ways to advance our services.

Quality Services

We recruit and retain passionate and highly skilled professionals to provide quality services.

Collaborative

We work as a team with our partners to provide the best services possible.

ANNUAL WORKPLACE HEALTH & SAFETY CONFERENCE

Safety Services Nova Scotia's Annual Workplace Health & Safety Conference is a motivational event comprised of collaborative learning opportunities, information sessions and inspiring speakers.

For more information on our upcoming conference, visit safetyservicesns.ca.

WORKPLACE SAFETY SERVICES

WCB SAFETY CERTIFIED PROGRAM

Demonstrate leadership and commitment to workplace health and safety by obtaining a WCB Safety Certified accreditation. We specialize in developing and implementing a Workplace Safety or OHS Management System that meets WCB Safety Certified standards. WCB Safety Certified is approved by the Workers' Compensation Board of Nova Scotia and is recognized by the NS Departments of Labour and Advanced Education, Transportation and Finance.

The Safety Certified accreditation provides the documentation necessary for companies interested in bidding on Government contracts that require a company to have an effective Occupational Health & Safety Program.

SAFETY AUDITING

Our team of experienced auditors work with you and your employees to measure and assess your program to provide clear guidance for improvement. These services include: compliance inspections, gap analysis, systems audits, and more.

We aim to identify strengths, weakness and opportunities for improvement; focus on real solutions; demonstrate organizational commitment both to regulators and employees; and provide a structured plan and direction.

AIR QUALITY CONTROL CONSULTING

Good indoor air quality is essential, and it requires an ongoing process of testing and investigation in order to maintain it. Even when situations are not immediately toxic or dangerous, common compounds can affect the health of occupants or employees, and may result in diminished energy levels and productivity or chronic ailments.

- Reviewing and evaluating occupant concerns and activities
- Evaluating the overall ventilation effectiveness through carbon dioxide mapping
- Assessing the design, operation, and maintenance of heating, ventilation, and air conditioning systems
- Measuring temperature, humidity, air pressure, air velocity, and carbon monoxide
- Conducting annual or bi-annual Indoor Air Quality (IAQ) surveys to analyze control measures

SAFETY CONSULTING

Strengthening your Health & Safety program can give your business a comprehensive edge. We offer affordable consulting services to address your needs and help implement those solutions.

Strengthening your health & safety program can give your business a competitive edge. This helps you reduce injuries, improve morale, retain employees longer, and reduce absenteeism in your workplace.

We offer affordable consulting services to address your needs. We'll work with your organization to generate solutions and help implement those solutions.

POPULAR CONSULTING TOPICS

- OH&S Project Management Services
- Home Office Assessments
- Hazard Assessments
- Policy & Procedure Development

CORPORATE WELLNESS & ERGONOMICS

We have partnered with local consultant Pamela Dempster – an expert in ergonomic assessment and training services – to offer Corporate Wellness & Ergonomic services as part of our ongoing mission to serve our clients with a more comprehensive service approach and cutting edge services.

HOW ERGONOMICS IMPACT YOUR WORKPLACE

Our consulting techniques focus on preventative measures to minimize employee risk and exposure, absentee rates and injury claims, and improve workplace quality, which all impact overall employee happiness and feelings of security in the workplace.

TYPES OF SERVICES WE PROVIDE

- Office Workstation Assessments
- Home Office Assessments
- Chair Fittings
- Office Ergonomic Audit
- Office Furniture Selection
- New Employee Preventative Ergonomic Set up
- Follow-up Services

DRIVER TRAINING SCHOOL

DRIVER EDUCATION

This is an approved program, and is recognized by Access Nova Scotia and most insurance companies. It includes 25 hours of class time and 10 hours of in-car time, as well as the use of our car for your road test. Member companies, their employees and families are entitled to discounts.

DEFENSIVE DRIVING (THINKING DRIVER)

This 6 hour interactive classroom course is approved for point deduction and GDL exit. This course gives students defensive driving principles and practices. Our core techniques and tips help minimize risk and prevent incidents in all driving conditions.

CUSTOMIZED DRIVER TRAINING

We also offer trailer and backing training, winter driving, and corporate driver assessments. Regardless of the size or specialization of your organization, we offer completely customized training to suit any needs for your employees.

If you own or manage a fleet, or need more information, contact our office for any training inquiries.

MOTORCYCLE TRAINING

Since 1996, Safety Services Nova Scotia has been providing motorcycle rider training for Nova Scotians through a variety of programs and services. Whether you're riding a motorcycle for the first time, looking to get your driver's license, or looking to become more confident on your bike, we have the courses to keep you safe on the road.

TRAINING AND LICENSING COURSE

This is a 20 hour program that provides you with the basic skills and confidence you will need in today's traffic environment. We will supply you with a motorcycle and give you the knowledge, skills, and confidence you need to get the most from your motorcycling experience.

Our instructors are provincially accredited driver examiners, and are able to issue a Nova Scotia motorcycle drivers license upon successful completion of this course.

SKILLS DEVELOPMENT COURSE

Designed for individuals comfortable operating their motorcycle, this 8 hour course will provide a safe and instructional setting for you to challenge your confidence, achieve riding skills beyond the average rider through parking lot and on-road group riding exercises.

SCOOTER TRAINING COURSE

The Scooter Safe Rider Training course is a 20 hour program that provides you with the basic skills and confidence you will need in today's traffic environment. Scooters sizes range from 50cc to 150cc.

Our instructors are provincially accredited driver examiners, and are able to issue a Nova Scotia motorcycle drivers license upon successful completion of this course.

SPYDER TRAINING COURSE

This 12 hour course is designed for individuals who have purchased a CAN-AM Spyder and wish to get licensed and trained to effectively ride their machine. Riders with a current Nova Scotia driver's license will obtain a motorcycle license upon successful completion of this course.

FIREARMS SAFETY & HUNTER EDUCATION

Safety Services Nova Scotia is proud to offer firearms safety and hunter training, including the Canadian Non-Restricted Firearms Safety Course (CFSC), the Canadian Restricted Firearms Safety Course (CRFSC) as well as the Hunter Education Course. These courses are offered in accordance with the requirements and regulations of the federal Department of Justice and the Nova Scotia Department of Natural Resources.

COMMUNITY CAMPAIGNS

Safety Services Nova Scotia promotes community safety through a variety of programming, awareness campaigns and events aimed at making the general public aware of issues facing children, riders or the public at large. Our staff serve on external safety and advisory committees, answer general inquiries from the public, and coordinate safety awareness campaigns each year.

Visit our website and click on 'Support Us' to find out more information on how you can donate or sponsor our community service campaigns.

MOTORCYCLE AWARENESS MONTH CAMPAIGN

May is Motorcycle Safety Awareness Month and Safety Services Nova Scotia participates in a variety of safety awareness events and demos throughout the province. Our team of experienced motorcycle instructors travel the province attending rallies and events promoting safe motorcycling, protective clothing and collision avoidance techniques.

SCHOOL BUS SAFETY CAMPAIGN

Each October a campaign is designed with a focus on red light violations. We educate motorists to stop for flashing lights and students about general school bus safety.

STEPS FOR LIFE

Steps for Life is the flagship fundraiser for the Association for Workplace Tragedy Family Support, known as Threads of Life. This unique Canadian charity supports the healing journey of families who have suffered from a workplace fatality, traumatic life-altering injury, or occupational disease. Threads of Life currently supports more than 1,700 family members across Canada affected by workplace tragedies. Safety Services Nova Scotia sponsors this program.
